

Instructions

These instructions are dedicated to doctoral students whose thesis started between 1st September 2015 and 1st March 2016 as well as post doctoral students.

1 - Poster

This poster will present the study subject and will enhance the richness of the work done, the scientific results and the innovations provided.

Authorized languages: French or English

The best posters will be rewarded during the prizes ceremony.

a) For the posters sessions

These posters will be presented on boards.

You have to bring your poster color printed at A0 format : 84 x 118.9 cm (« Portrait » format).

The layout is free but the following mentions have to appear: Laboratory logo, CNES logo and eventually logo of the « partners ».

- Download a poster example from the website
- Download CNES logo (jpg format) from the website

b) For the USB key

You have to provide us with a pdf file of your poster (at **A4 format**, file lower than 4 Mo) to be published in the USB key of the JC² 2017.

Technical instructions: pdf file, 1 page at A4 format, lower than 4 Mo

Upload deadline: 8 September 2017

>> [Upload your poster on the website](#)

2 - Oral presentation

Each student will have 3 minutes to present his/her work. The presentation will be a 4 pages diaporama (maximum).

This presentation will have to mention at least the title, the subject of the thesis, your name, the name of the CNES manager, the laboratory and the eventual partners.

Your presentations have to be attractive and understandable by non-specialists. For information, you can remind the reason, the issues and the first results.

These slides can be illustrated by pictures, outlines...

Technical instructions: PowerPoint 2000 file, duration of the presentation: 3 minutes maximum.

Authorized languages: French or English

You can download a presentation template (PowerPoint format).

>> [Download the presentation template \(PowerPoint format\) from the website](#)

Upload deadline: 8 September 2017

Your presentation, like a trailer, has to convince the audience to see your poster.

Recommendation: the 3 minutes presentation format requires to make repetitions.

>> [Upload your presentation on the website](#)

We recommend you to read carefully the following downloadable book and to take notice of the environment and available equipment. (microphone desk, wireless microphone, pointer ; pupitre, micro sans fil, pointeur, slides scrolling).
